

CLICK CLAMSHELL CLOSING MACHINE

FAST AND RELIABLE
EASY TO USE

VERSATILE
ENSURING PRODUCTION CONTINUITY

- Automatic machine for closing clamshells with snap closure and side hinge.
- **The fastest machine on the market.**
- **Adaptable to pre-existing lines**, automated and manual, thanks to a management system for the consent signals, from both downstream and upstream.
- It closes 5 punnets simultaneously.
- **It works a wide range of clamshell models** and is configured according to the dimensions and type of the punnet to be closed, thus, it allows a certain flexibility of use in case of slight variations in the clamshell size.
- **Extremely reliable** for what concerns the closing, it is indeed equipped with various measures intended for optimising and guaranteeing the closing of each punnet.
- Ideal for: strawberries, small fruits, peaches, nectarines, kiwifruits, apricots, plums, tomatoes, avocados, cherries, pears, grapes, etc. (any product usually contained in punnets).

TECHNICAL FEATURES

- 4.3" touch-screen control panel
- New intuitive R-Touch graphic interface with production statistics
- Workable clamshells: height (without lid): min 35 mm and max 125 mm; max breadth and length: 190x190 mm
- Conveyor belts (infeed; closing; outfeed) with speed adjustment from recipe
- Bypass function
- Indicative production: up to 75 clamshells/min.
